

Homework

Homework will be assigned every night. Each homework assignment will be worth 3 points. Homework will not be graded on accuracy; homework is graded according to completion. Homework will be accepted late, however, you will not receive full credit.

Tests & Quizzes

All tests will be announced at least four days in advance. Quizzes will be given periodically throughout the quarter, and may be announced or unannounced.

Make-Up Work

It is the student's responsibility to ask about work he/she may have missed due to absences. Students may check the teacher's agenda for this information. Arrangements to complete any missing work (i.e. tests/quizzes/classwork) should be made with the teacher immediately upon return from an absence.

Extra Help

Extra help is available to all students. Contact Mrs. Carmean to set up a time for extra help. Possibilities are before/after school or during lunch. Please do not wait until right before the test to ask for help!!!

CONTACT ME

When in doubt always contact me, through e-mail, before homeroom, during the day or lunch. Do not be afraid to ask me questions!
